NARRATIVE AND INFORMATION SECTION**

2024 AUTHORITY BUDGET MESSAGE & ANALYSIS

Camden Redevelopment Agency

FISCAL YEAR: January 01, 2024 to December 31, 2024

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2024 proposed Annual Budget and make comparison to the Fiscal Year 2023 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The proposed 2024 Camden Redevelopment Agency (CRA) budget reflects an overall increase of 29.9% (\$558,238.00) as compared to the FY 2023 adopted budget year.

The FY 2024 budget reflects a variance from the FY 2023 adopted budget in three (2) Operating Revenue line items, specifically, Project Administrative/Redevelopment Fees, Land Sales, and Other Receivables. CRA is positively impacted as local/regional economies are recovering in this post-COVID period, despite challenges of intermittent rising interest rates, more stringent underwriting for financing and construction costs.

Project Administration/Redevelopment Fees - increase of 105.5% (\$317,253.00). This increase can be attributed to expected closings of several land transactions within the budget year and/or collecting negotiated fees for extensions of time.

Land Sales – increased 24.3% (\$263,374.00) in closing transactions from the FY2023 from the FY 2023 budget year. Over forty state programs are now in place to incentivize economic development activity. CRA expects these interventions to offset rising interest rates and construction costs and increase economic/development activity in the future budget year. (See Attachment #1)

Other Receivables – decreased 18.6% from the prior adopted FY 2023 budget year. This reflects a reduction in the number of reimbursements from various EPA grants. (See Attachment #1).see attachments for more

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

Local/regional economies remain in recovery as development and construction related industries are expected to increase activity during the FY 2024 year. Regulations that govern the state's slate economic/development programs for tax incentive financing and related grant programs are in place to address the economic impacts of the post- COVID-19 economy.

Camden Redevelopment Agency (CRA), as a redevelopment entity, may acquire property for redevelopment purposes by direct negotiations with developers and/or through a fair and competitive process. As such, CRA is a critical component of the City and may serve as the City's agent, particularly in the acquisition and/or disposition of pub .see attachments for more

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

NA

5. The proposed budget must not reflect an anticipated deficit from 2023 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The most recent audit for the CRA reflects a deficit of Unrestricted Net Position because of the implementation of GASB 68, which requires the recording of the unfunded pension liability. The CRA will continue to pay the required annual pension contributions to offset the Pension liability. Additionally, the CRA will reduce spending where reasonable and actively seek new revenue opportunities and expand existing revenue categories of land sales and leases, redevelopment fees, and project management fees

The most recent audit also reflects an Operating Deficit due to a significant decrease in Grant Revenues and Project Administration/Redevelopment Fees. The CRA as a practice budgets conservatively and seeks to decrease spending where possible and pursue strategies to increase Rental income through short-term land leases; Land Sales through public auctions of surplus undevelopable parcels; Land Sales and Project Administrative Fees by increasing shared services agreements with the City and focused aggressive marketing of developable industrial/commercial sites along two business corridors.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

6. Explain any proposed changes in the rate structure and attach the resolution approving the change in rate structure, **if applicable**. (If no changes to fees or rates, indicate answer as "**Rates Are Staying The Same**".
