**Project Summary**

- The Dominick Andujar Park (Block 12, Lots 12, Lots 1-9 and Lots 17-21; Block 14, Lots 24, 29-35, and 37) is a 1.5-acre City-owned Park located at the intersection of Erie and York Streets in the North Camden Neighborhood (the "Park Site").
- The Park Site was closed due to environmental areas of concern related to an underground storage tank, historic fill, and other "hot spot" areas of contaminated soil material which require remediation. A portion of the Park Site is not the subject of any environmental contamination. As a result, construction of park improvements was carried out by the County of Camden and the City.
- CRA, as the manager of the City's Brownfield Program, and the City entered into a Shared Services Agreement for the CRA to secure, manage, and implement on behalf of the City funding for remediation activities at the Site.
- Project costs for the Site' remediation which involves the removal of the contaminated soil material, disposal to an appropriate off-site facility, and capping the site total \$675,464.60.
- CRA was awarded grants from the New Jersey Department of Environmental Protection ("NJDEP") Hazardous Discharge Site Remediation Fund ("HDSRF") in the amount of \$475,464.60 and provided \$200,000.00 in a U.S. Environmental Protection Agency ("EPA") Revolving Loan Fund sub-grant to complete the overall funding needed for the remediation of the Park Site.
- It is necessary to extend the term of the Agreement with the City for one additional year to complete the remediation of a portion of the Park Site designated as Block 12, Lots 1, 3-9, 18-21 and Block 14, Lots 29, 30-35 and 37.
