

Administrative Conditions - SPECIMEN COPY

1. UTILIZATION OF SMALL, MINORITY AND WOMEN'S BUSINESS ENTERPRISES

GENERAL COMPLIANCE, 40 CFR, Part 33

The recipient agrees to comply with the requirements of EPA's Program for Utilization of Small, Minority and Women's Business Enterprises in procurement under assistance agreements, contained in 40 CFR, Part 33.

FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

A recipient must negotiate with the appropriate EPA award official, or his/her designee, fair share objectives for MBE and WBE (MBE/WBE) participation in procurement under the financial assistance agreements.

Accepting the Fair Share Objectives/Goals of Another Recipient

Negotiating Fair Share Objectives/Goals, 40 CFR, Section 33.404

The recipient has the option to negotiate its own MBE/WBE fair share objectives/goals. If the recipient wishes to negotiate its own MBE/WBE fair share objectives/goals, the recipient agrees to submit proposed MBE/WBE objectives/goals based on an availability analysis, or disparity study, of qualified

MBEs and WBEs in their relevant geographic buying market for construction, services, supplies and equipment.

The submission of proposed fair share goals with the supporting analysis or disparity study means that the recipient is **not** accepting the fair share objectives/goals of another recipient. The recipient agrees to submit proposed fair share objectives/goals, together with the supporting availability analysis or disparity study, to the Regional MBE/WBE Coordinator within 120 days of its acceptance of the financial assistance award. EPA will respond to the proposed fair share objective/goals within 30 days of receiving the submission. If proposed fair share objective/goals are not received within the 120 day time frame, the recipient may not expend its EPA funds for procurements until the proposed fair share objective/goals are submitted.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the recipient agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to ensure that sub-recipients, loan recipients, and prime contractors also comply. Records documenting compliance with the six good faith efforts shall be retained:

- (a) Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.
- (b) Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.
- (c) Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.
- (d) Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.
- (e) Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.
- (f) If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.

MBE/WBE REPORTING, 40 CFR, Part 33, Sections 33.502 and 33.503

The recipient agrees to complete and submit EPA Form 5700-52A, "MBE/WBE Utilization Under Federal Grants, Cooperative Agreements and Interagency

Agreements" beginning with the Federal fiscal year reporting period the recipient receives the award, and continuing until the project is completed. Only procurements with certified MBE/WBEs are counted toward a recipient's MBE/WBE accomplishments.

The reports must be submitted **annually** for the period ending September 30th for:

- 40 CFR Part 30 Recipients (Non-profits and Institutions of Higher Education); and/or
- 40 CFR Part 35 Subpart A and Subpart B Recipients.

The reports are due within 30 days of the end of the annual reporting period (October 30th). Reports should be sent to Michele Junker, the Region 2 DBE Coordinator. Final MBE/WBE reports must be submitted within 90 days after the project period of the grant ends. Your grant cannot be officially closed without all MBE/WBE reports.

The reports must be submitted **semiannually** for the periods ending March 31st and September 30th for:

- Recipients of financial assistance agreements that capitalize revolving loan programs (CWSRF, DWSRF, Brownfields); and
- All other recipients not identified as annual reporters (40 CFR Part 30 and/or 40 CFR Part 35, Subpart A and Subpart B recipients are annual reporters).

The reports are due within 30 days of the end of the semiannual reporting periods (April 30th and October 30th). Reports should be sent to Michele Junker, the Region 2 DBE Coordinator. Final MBE/WBE reports must be submitted within 90 days after the project period of the grant ends. Your grant cannot be officially closed without all MBE/WBE reports.

EPA Form 5700-52A may be obtained from the EPA Office of Small Business Program's Home Page on the Internet at <http://www.epa.gov/osbp/grants.htm>.

CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, Section 33.302

The recipient agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)

Recipients of a Continuing Environmental Program Grant or other annual reporting grant, agree to create and maintain a bidders list. Recipients of an EPA financial assistance agreement to capitalize a revolving loan fund also agree to require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

2. ADVANCE METHOD OF PAYMENT

In accordance with EPA regulations, the recipient is authorized to receive advance payments under this agreement, provided that the recipient takes action to minimize the time elapsing between the transfer of funds from EPA and the disbursement of

those funds. The recipient shall request Federal payments by completing the EPA Payment Requests Form (EPA Form 190-F-04-001) and either emailing or faxing it to the Las Vegas Finance Center at LVFC-grants@epa.gov or 702-798-2423. This form can be found at www.epa.gov/ogd/forms/forms.htm. All email attachments must be sent in pdf format.

3. DRUG-FREE WORKPLACE CERTIFICATION FOR ALL EPA RECIPIENTS

The recipient organization of this EPA assistance agreement must make an ongoing, good faith effort to maintain a drug-free workplace pursuant to the specific requirements set forth in Title 2 CFR Part 1536 Subpart B. Additionally, in accordance with these regulations, the recipient organization must identify all known workplaces under its federal awards, and keep this information on file during the performance of the award.

Those recipients who are individuals must comply with the drug-free provisions set forth in Title 2 CFR Part 1536 Subpart C.

The consequences for violating this condition are detailed under Title 2 CFR Part 1536 Subpart E. Recipients can access the Code of Federal Regulations (CFR) Title 2 Part 1536 at <http://ecfr.gpoaccess.gov/cgi/t/text/text-idx?c=ecfr&sid=701081165f70316effa8ebf67df73de0&rqn=div5&view=text&node=2:1.2.11.11.2&idno=2>.

4. ELECTRONIC TRANSFER OF FUNDS

The Debt Collection Improvement Act of 1996 requires that Federal payments be made by electronic funds transfer. In order to comply with the Act, a recipient must receive payments via one of two electronic mechanisms available to them:

A) Automated Standard Application for Payments (ASAP)

The ASAP system is the preferred method of payment for EPA grantees. ASAP enrollment is highly encouraged for organizations that have multiple grants/cooperative agreements and for those with a frequent need to request funds. If your organization uses multiple bank accounts for EPA grants/cooperative agreements, you must enroll in ASAP. If you are interested in requesting and receiving funds paperless and electronically via ASAP, please complete the ASAP Initiate Enrollment form located at <http://www.epa.gov/ocfo/finservices/forms.htm> and fax it to LVFC at 702-798-2423 or email it to LVFC-grants@epa.gov.

Under this payment mechanism, the Recipient initiates, via ASAP, an electronic payment request which is approved or rejected based on the amount of available funds authorized by EPA in the Recipient's account. Approved funds are credited to the recipient organization at the financial institution identified on the recipient's ASAP enrollment application. Additional information concerning ASAP and enrollment can be obtained by contacting the EPA Las Vegas Finance Center, at LVFC-grants@epa.gov, or (702) 798-2485, or by visiting www.fms.treas.gov/asap.

B) Electronic Funds Transfer (EFT)

Under this payment mechanism, the EPA Las Vegas Finance Center will obtain your organization's banking information from your Central Contractor Registry (CCR) registration. Upon completion of required Regional training and receipt of the award affirmation, a Las Vegas Finance Center Representative will send you an email message with your EFT Control Number and payment information. Additional information concerning EFT can be obtained by contacting the EPA Las Vegas Finance Center at LVFC-grants@epa.gov, or (702) 798-2485, or by visiting <http://www.epa.gov/ocfo/finservices/payinfo.htm>

NOTE: If your banking information is not correct or changes at any time prior to the end of your agreement, please update your SAM registration and notify the EPA Las Vegas Finance Center as soon as possible so the new banking information can be retrieved. This is vital to ensure proper and timely deposit of funds.

In accepting this assistance agreement, the recipient agrees to draw cash only as needed for its disbursement. Failure on the part of the recipient to comply with this condition may cause the undisbursed portions of the assistance agreement to be revoked and financing method changed to a reimbursable basis.

5. FEDERAL FINANCIAL REPORTS/GRANT CLOSEOUT

A) Interim Federal Financial Reports (FFRs)

Pursuant to 40 CFR 31.41(b) and 31.50(b), EPA recipients shall submit an interim annual Federal Financial Report (SF-425) to EPA no later than 90 calendar days following the anniversary of the start date of the agreement. The FFR must be faxed to the Las Vegas Finance Office at 702-798-2423, emailed to LVFC-grants@epa.gov, or sent to the address below. A courtesy copy of the interim FFR can be submitted to the Grants and Audit Management Branch using one of the following options: email to Region2_GrantApplicationBox@epa.gov, fax to 212-637-3518 or sent to us in the mail at U.S. EPA - Region 2, 290 Broadway, 27th Floor, New York, NY 10007. All email attachments must be sent in pdf format. Documents emailed to us in any other format cannot and will not be accepted.

B) Final Federal Financial Report

At the end of the project, the recipient must submit a final Federal Financial Report to EPA no later than 90 calendar days after the end of the project period. The form is available on the internet at <http://www.epa.gov/ocfo/finservices/forms.htm>. All FFRs must be submitted to the Las Vegas Finance Center:

US EPA, Las Vegas Finance Center
4220 S. Maryland Pkwy, Bld C, Rm 503
Las Vegas, NV 89119

or by email: LVFC-grants@epa.gov or Fax to: 702-798-2423. All email attachments must be sent in pdf format.

The LVFC will make adjustments, as necessary, to obligated funds after reviewing and accepting a final Federal Financial Report. Recipients will be notified and instructed by EPA if they must complete any additional forms for the closeout of the assistance agreement.

EPA may take enforcement actions in accordance with 40 CFR 30.62 if the recipient does not comply with this term and condition.

C) Closeout

The Administrative Closeout Phase for this grant will be initiated with the submission of a "final" FFR. At that time, the recipient must submit the following forms/reports to the EPA Region 2 Grants and Audit Management Branch, if applicable:

- Federally Owned Property Report
- An Inventory of all Property Acquired with federal funds
- Contractor's or Grantee's Invention Disclosure Report (EPA Form 3340-3)

Additionally, the recipient's Final Request for Payment should be submitted to the LVFC.

6. HOTEL-MOTEL FIRE SAFETY

Pursuant to 40 CFR 30.18, if applicable, and 15 USC 2225a, the recipient agrees to ensure that all space for conferences, meetings, conventions, or training seminars funded in whole or in part with federal funds complies with the protection and control guidelines of the Hotel and Motel Fire Safety Act (PL 101-391, as amended). Recipients may search the Hotel-Motel National Master List at <http://www.usfa.dhs.gov/applications/hotel/> to see if a property is in compliance (FEMA ID is currently not required), or to find other information about the Act.

7. LOBBYING AND LITIGATION - ALL RECIPIENTS

The chief executive officer of this recipient agency shall ensure that no grant funds awarded under this assistance agreement are used to engage in lobbying of the Federal Government or in litigation against the United States unless authorized under existing law. The recipient shall abide by its respective OMB Circular (A-21, A-87, or A-122), which prohibits the use of federal grant funds for litigation against the United States or for lobbying or other political activities.

RESTRICTIONS ON LOBBYING

The recipient agrees to comply with Title 40 CFR Part 34, *New Restrictions on Lobbying*. The recipient shall include the language of this provision in award documents for all subawards exceeding \$100,000, and require that subrecipients submit certification and disclosure forms accordingly.

In accordance with the Byrd Anti-Lobbying Amendment, any recipient who makes a prohibited expenditure under Title 40 CFR Part 34 or fails to file the required certification or lobbying forms shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such expenditure.

8. MANAGEMENT FEES

Management fees or similar charges in excess of the direct costs and approved indirect rates are not allowable. The term "management fees or similar charges" refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs which are not allowable under this assistance agreement. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work.

9. EXTENSION OF PROJECT/BUDGET PERIOD EXPIRATION DATE (PART 31)

If a no cost time extension is necessary to extend the period of availability of funds (budget period), the recipient must submit a written request, including a justification as to why additional time is needed and an estimated date of completion to the EPA prior to the budget/project period expiration dates. The extension request should be submitted to the EPA, Grants and Audit Management Branch using one of the following options: email to Region2_GrantApplicationBox@epa.gov, fax to 212-637-3518 or sent to us in the mail at U.S. EPA - Region 2, 290 Broadway, 27th Floor, New York, NY 10007. An interim FFR (SF-425) covering all expenditures and obligations to date, must be emailed or faxed to the Las Vegas Finance Office at LVFC-grants@epa.gov or 702-798-2423 or sent to the address below. To expedite processing of your request, please submit a courtesy copy of the interim FFR to the Grants and Audit Management Branch along with your extension request. All email attachments must be sent in pdf format. Documents emailed to us in any other format cannot and will not be accepted.

US EPA, Las Vegas Finance Center
4220 S. Maryland Pkwy, Bld C, Rm 503
Las Vegas, NV 89119

or by Fax to: 702-798-2423

10. RECYCLING AND WASTE PREVENTION

In accordance with the policies set forth in EPA Order 1000.25 and Executive Order 13423, Strengthening Federal Environmental, Energy and Transportation Management (January 24, 2007) and or 40 CFR 30.16, the recipient agrees to use recycled paper and double sided printing for all reports which are prepared as a part of this agreement and delivered to EPA. This requirement does not apply to reports prepared on forms supplied by EPA, or to Standard Forms, which are printed on recycled paper and are available through the General Services Administration.

STATE AGENCIES AND POLITICAL SUBDIVISIONS:

In accordance with Section 6002 of the Resource Conservation and Recovery Act (RCRA) (42 U.S.C. 6962) any State agency or agency of a political subdivision of a State which is using appropriated Federal funds shall comply with the requirements set forth. Regulations issued under RCRA Section 6002 apply to any acquisition of

an item where the purchase price exceeds \$10,000 or where the quantity of such items acquired in the course of the preceding fiscal year was \$10,000 or more. RCRA Section 6002 requires that preference be given in procurement programs to the purchase of specific products containing recycled materials identified in guidelines developed by EPA. These guidelines are listed in 40 CFR 247.

11. REIMBURSEMENT LIMITATION

EPA's financial obligations to the recipient are limited by the amount of federal funding awarded to date as shown on line 15 in its EPA approved budget. If the recipient incurs costs in anticipation of receiving additional funds from EPA, it does so at its own risk.

12. SINGLE AUDITS

In accordance with OMB Circular A-133, which implements the Single Audit Act, the recipient hereby agrees to obtain a single audit from an independent auditor, if it expends \$500,000 or more in total Federal funds in any fiscal year. Within nine months after the end of a recipient's fiscal year or 30 days after receiving the report from the auditor, the recipient shall submit the SF-SAC and a Single Audit Report Package. **The recipient MUST** submit the SF-SAC and a Single Audit Report Package, using the Federal Audit Clearinghouse's Internet Data Entry System. Complete information on how to accomplish the single audit submissions, you will need to visit the Federal Audit Clearinghouse Web site:
<http://harvester.census.gov/fac/>

13. SUBAWARD POLICY

a. The recipient agrees to:

1. Establish all subaward agreements in writing;
2. Maintain primary responsibility for ensuring successful completion of the EPA-approved project (this responsibility cannot be delegated or transferred to a subrecipient);
3. Ensure that any subawards comply with the standards in Section 210(a)-(d) of OMB Circular A-133 and are not used to acquire commercial goods or services for the recipient;
4. Ensure that any subawards are awarded to eligible subrecipients and that proposed subaward costs are necessary, reasonable, and allocable;
5. Ensure that any subawards to 501(c)(4) organizations do not involve lobbying activities;
6. Monitor the performance of their recipients and ensure that they comply with all applicable regulations, statutes, and terms and conditions which flow down in the subaward;
7. Obtain EPA's consent before making a subaward to a foreign or international organization, or a subaward to be performed in a foreign country; and
8. Obtain approval from EPA for any new subaward work that is not outlined in the approved work plan in accordance with 40 CFR Parts 30.25 and 31.30, as applicable.

b. Any questions about subrecipient eligibility or other issues pertaining to

subawards should be addressed to the recipient's EPA Project Officer. Additional information regarding subawards may be found at <http://www.epa.gov/ogd/guide/subaward-policy-part-2.pdf>. Guidance for distinguishing between vendor and subrecipient relationships and ensuring compliance with Section 210(a)-(d) of OMB Circular A-133 can be found at <http://www.epa.gov/ogd/guide/subawards-appendix-b.pdf> and <http://www.whitehouse.gov/omb/circulars/a133/a133.html>.

- c. The recipient is responsible for selecting its subrecipients and, if applicable, for conducting subaward competitions.

14. SUSPENSION AND DEBARMENT

Recipient shall fully comply with Subpart C of 2 CFR Part 180 and 2 CFR Part 1532, entitled "Responsibilities of Participants Regarding Transactions (Doing Business with Other Persons)." Recipient is responsible for ensuring that any lower tier covered transaction as described in Subpart B of 2 CFR Part 180 and 2 CFR Part 1532, entitled "Covered Transactions," includes a term or condition requiring compliance with Subpart C. Recipient is responsible for further requiring the inclusion of a similar term or condition in any subsequent lower tier covered transactions. Recipient acknowledges that failing to disclose the information as required at 2 CFR 180.335 may result in the delay or negation of this assistance agreement, or pursuance of legal remedies, including suspension and debarment.

Recipients may access suspension and debarment information at <http://www.sam.gov>. This system allows recipients to perform searches determining whether an entity or individual is excluded from receiving Federal assistance. This term and condition supersedes EPA Form 5700-49, "Certification Regarding Debarment, Suspension, and Other Responsibility Matters."

15. TRAFFICKING IN PERSONS

a. Provisions applicable to a recipient that is a private entity

1. You as the recipient, your employees, subrecipients under this award, and subrecipients' employees may not—
 - i. Engage in severe forms of trafficking in persons during the period of time that the award is in effect;
 - ii. Procure a commercial sex act during the period of time that the award is in effect; or
 - iii. Use forced labor in the performance of the award or subawards under the award.
2. We as the Federal awarding agency may unilaterally terminate this award, without penalty, if you or a subrecipient that is a private entity —
 - i. Is determined to have violated a prohibition in paragraph a.1 of this award term; or
 - ii. Has an employee who is determined by the agency official authorized to terminate the award to have violated a prohibition in paragraph a.1 of this award term through conduct that is either—
 - A. Associated with performance under this award; or
 - B. Imputed to you or the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR part 180, "OMB Guidelines to Agencies

on Governmentwide Debarment and Suspension (Nonprocurement),” as implemented by our Agency at 2 CFR 1532.

b. Provision applicable to a recipient other than a private entity. We as the Federal awarding agency may unilaterally terminate this award, without penalty, if a subrecipient that is a private entity—

1. Is determined to have violated an applicable prohibition in paragraph a.1 of this award term; or
2. Has an employee who is determined by the agency official authorized to terminate the award to have violated an applicable prohibition in paragraph a.1 of this award term through conduct that is either—
 - i. Associated with performance under this award; or
 - ii. Imputed to the subrecipient using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR part 180, “OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” as implemented by our agency at 2 CFR 1532

c. Provisions applicable to any recipient

1. You must inform us immediately of any information you receive from any source alleging a violation of a prohibition in paragraph a.1 of this award term.
2. Our right to terminate unilaterally that is described in paragraph a.2 or b of this section:
 - i. Implements section 106(g) of the Trafficking Victims Protection Act of 2000 (TVPA), as amended (22 U.S.C. 7104(g)), and
 - ii. Is in addition to all other remedies for noncompliance that are available to us under this award.
3. You must include the requirements of paragraph a.1 of this award term in any subaward you make to a private entity.

d. Definitions. For purposes of this award term:

1. “Employee” means either:
 - i. An individual employed by you or a subrecipient who is engaged in the performance of the project or program under this award; or
 - ii. Another person engaged in the performance of the project or program under this award and not compensated by you including, but not limited to, a volunteer or individual whose services are contributed by a third party as an in-kind contribution toward cost sharing or matching requirements.
2. “Forced labor” means labor obtained by any of the following methods: the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
3. “Private entity”:
 - i. Means any entity other than a State, local government, Indian tribe, or foreign public entity, as those terms are defined in 2 CFR 175.25.
 - ii. Includes:
 - A. A nonprofit organization, including any nonprofit institution of higher education, hospital, or tribal organization other than one included in the definition of Indian tribe at 2 CFR 175.25(b).
 - B. A for-profit organization.

4. "Severe forms of trafficking in persons," "commercial sex act," and "coercion" have the meanings given at section 103 of the TVPA, as amended (22 U.S.C. 7102).

16. DUNS AND CCR/SAM REQUIREMENTS

Central Contractor Registration/System for Award Management and Universal Identifier Requirements.

A. Requirement for Central Contractor Registration (CCR)/System for Award Management (SAM). Unless you are exempted from this requirement under 2 CFR 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

B. Requirement for Data Universal Numbering System (DUNS) numbers. If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

C. Definitions. For purposes of this award term:

1. Central Contractor Registration (CCR)/System for Award Management (SAM) means the Federal repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the System for Award Management (SAM) Internet site <http://www.sam.gov>.

2. Data Universal Numbering System (DUNS) number means the nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet (currently at <http://fedgov.dnb.com/webform>).

3. Entity, as it is used in this award term, means all of the following, as defined at 2 CFR part 25, subpart C:

- a. A Governmental organization, which is a State, local government, or Indian tribe;
- b. A foreign public entity;
- c. A domestic or foreign nonprofit organization;
- d. A domestic or foreign for-profit organization; and
- e. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.

4. Subaward:

- a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
- b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. --.210 of the attachment to OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations”).
- c. A subaward may be provided through any legal agreement, including an agreement that you consider a contract.

5. Subrecipient means an entity that:

- a. Receives a subaward from you under this award; and
- b. Is accountable to you for the use of the Federal funds provided by the subaward.

17. SUBAWARD REPORTING AND COMPENSATION

I. Reporting Subawards and Executive Compensation.

a. Reporting of first-tier subawards.

- 1. Applicability. Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in Federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5) for a subaward to an entity (see definitions in paragraph e of this award term).
- 2. Where and when to report.
 - i. You must report each obligating action described in paragraph a.1. of this award term to www.fsrs.gov.
 - ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)
- 3. What to report. You must report the information about each obligating action that the submission instructions posted at www.fsrs.gov specify.

b. Reporting Total Compensation of Recipient Executives.

- 1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if –
 - i. the total Federal funding authorized to date under this award is \$25,000 or more;
 - ii. in the preceding fiscal year, you received—

(A) 80 percent or more of your annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and

(B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and

iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>.)

2. Where and when to report. You must report executive total compensation described in paragraph b.1. of this award term:

i. As part of your registration Central Contractor Registration/System for Award Management profile available at at www.sam.gov.

ii. By the end of the month following the month in which this award is made, and annually thereafter.

c. Reporting of Total Compensation of Subrecipient Executives.

1. Applicability and what to report. Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if --

i. in the subrecipient's preceding fiscal year, the subrecipient received—

(A) 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and,

(B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and subawards); and

ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information,

see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>.)

2. Where and when to report. You must report subrecipient executive total compensation described in paragraph c.1. of this award term:

- i. To the recipient.
- ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.

d. Exemptions

1. If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:

- i. Subawards, and
- ii. The total compensation of the five most highly compensated executives of any subrecipient

e. Definitions. For purposes of this award term:

1. Entity means all of the following, as defined in 2 CFR part 25:

- i. A Governmental organization, which is a State, local government, or Indian tribe;
- ii. A foreign public entity;
- iii. A domestic or foreign nonprofit organization;
- iv. A domestic or foreign for-profit organization;
- v. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.

2. Executive means officers, managing partners, or any other employees in management positions.

3. Subaward:

- i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
- ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. --.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
- iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.

4. Subrecipient means an entity that:
 - i. Receives a subaward from you (the recipient) under this award; and
 - ii. Is accountable to you for the use of the Federal funds provided by the subaward.

5. Total compensation means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):
 - i. *Salary and bonus* .
 - ii. *Awards of stock, stock options, and stock appreciation rights* . Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
 - iii. *Earnings for services under non-equity incentive plans* . This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
 - iv. *Change in pension value*. This is the change in present value of defined benefit and actuarial pension plans.
 - v. *Above-market earnings on deferred compensation which is not tax-qualified* .
 - vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

Programmatic Conditions

Revolving Loan Fund (RLF) Terms and Conditions

I. GENERAL FEDERAL REQUIREMENTS

A. Federal Policy and Guidance

1. Cooperative Agreement Recipients: By awarding this cooperative agreement, EPA has approved the proposal for the Cooperative Agreement Recipient (CAR) submitted in the Fiscal Year 2012 competition for Brownfields RLF cooperative agreements. However, the CAR may not expend ("draw down") funds to carry out this agreement until EPA's award official approves the final work plan.

2. In implementing this agreement, the cooperative agreement recipient shall comply with and require that work done by borrowers and subgrant recipients with cooperative agreement funds comply with the requirements of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) § 104(k). The CAR will ensure that cleanup activities supported with cooperative agreement funding comply with all applicable Federal and State laws and regulations. The CAR will ensure cleanups are protective of human health and the environment.

3. The CAR must consider whether it is required to have borrowers or subgrant recipients conduct cleanups under a State or Tribal response program. If the CAR chooses not to require borrowers and subgrant recipients to participate in a State or Tribal response program, then the CAR is required to consult with the Environmental Protection Agency (EPA) on each loan or subgrant to ensure the proposed cleanup is protective of human health and environment.
4. Information submitted to EPA under this cooperative agreement may be subject to the Freedom of Information Act (FOIA). EPA recommends that recipients do not provide confidential business information (“CBI”) to the Agency. However, if confidential business information is included, it will be treated in accordance with 40 CFR 2.203. Recipients must clearly indicate which portion(s) of the information submitted to EPA the recipient claims as CBI. EPA will evaluate such claims in accordance with 40 CFR Part 2. If no claim of confidentiality is made, EPA is not required to make the inquiry to the recipient otherwise required by 40 CFR 2.204(c)(2) prior to disclosure. Unless otherwise required by Federal, State, or local law, the CAR and its borrowers and subgrantees are not required to permit public access to their own records. 40 C.F.R. 30.53; 40 C.F.R. 31.42. See 40 C.F.R. part 2 for EPA's general information-disclosure procedures.

II. SITE/BORROWER/SUBGRANTEE ELIGIBILITY

A. Brownfields Site Eligibility

1. The CAR must provide information to EPA about site-specific work prior to incurring any costs under this cooperative agreement. The information that must be provided includes whether or not the site meets the definition of a brownfield site as defined in § 101(39) of CERCLA, the identity of the owner, and the date of acquisition.
2. If the site is excluded from the general definition of a brownfield site, but is eligible for a property-specific funding determination, then the CAR must provide information sufficient for EPA to make a property-specific funding determination. The CAR must provide sufficient information on how financial assistance will protect human health and the environment, and either promote economic development or enable the creation of, preservation of, or addition to parks, greenways, undeveloped property, other recreational property, or other property used for nonprofit purposes. The CAR must not incur costs for cleaning up sites requiring a property-specific funding determination by EPA until the EPA Project Officer has advised the CAR that the Agency has determined that the property is eligible.
3. For any petroleum-contaminated brownfields site, the CAR shall provide sufficient documentation to the EPA prior to incurring costs under this cooperative agreement which includes (refer to EPA's *Proposal Guidelines for Brownfields Revolving Loan Fund Grants* dated September 2011 for discussion of this element) documenting that:
 - a. a State has determined that the petroleum site is of relatively low risk, as compared to other petroleum sites in the State;

- b. the State determines there is “no viable responsible party” for the site;
- c. the State determines that the person assessing, investigating, or cleaning up the site is a person who is not potentially liable for cleaning up the site; and
- d. the site is not subject to any order issued under section 9003(h) of the Solid Waste Disposal Act.

This documentation must be prepared by the CAR or the State following contact and discussion with the appropriate state petroleum program official.

4. Documentation must include (1) the identity of the State program official contacted, (2) the State official’s telephone number, (3) the date of the contact, and (4) a summary of the discussion to reach each determination that the site is of relatively low risk, that there is no viable responsible party and that the person assessing, investigating, or cleaning up the site is not potentially liable for cleaning up the site. Other documentation provided by a State to the recipient relevant to any of the determinations by the State must also be provided to the EPA Project Officer.
5. If the State chooses not to make the determinations described in 3.a. above, the CAR must contact the EPA Project Officer and provide the information necessary for EPA to make the requisite determinations.
6. EPA will make all determinations on the eligibility of petroleum-contaminated brownfields sites located on tribal lands (i.e., reservation lands or lands otherwise in Indian country, as defined at 18 U.S.C. 1151). Before incurring costs for these sites, the CAR must contact the EPA Project Officer and provide the information necessary for EPA to make the determinations described in “3” above.

B. Borrower and Subgrant Recipient Eligibility

1. The CAR may only provide cleanup subgrants to an eligible entity or nonprofit organization to clean up sites *owned* by the eligible entity or nonprofit organization at the time the subgrant is awarded. Eligible subgrant recipients include eligible entities as defined under CERCLA § 104(k)(1) and nonprofit organizations as defined in Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999. Nonprofit organizations described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities as defined in Section 3 of the Lobbying Disclosure Act of 1995 are not eligible for subgrants.
2. The subgrant recipient must retain ownership of the site throughout the period of performance of the subgrant. For the purposes of this agreement, the term “owns” means fee simple title unless EPA approves a different arrangement. **However, the CAR may not provide a subgrant to itself or another component of its own unit of government or organization.**
3. The CAR may discount loans, also referred to as the practice of forgiving a portion of loan principle. For an individual loan, the amount of principal discounted may be any percentage of the total loan amount up to 30 percent, provided that the total amount of the principal forgiven for that loan shall not exceed \$200,000. Eligible

entities include those identified in CERCLA § 104(k)(1) and nonprofit organizations as defined at Section 4(6) of the Federal Financial Assistance Management Improvement Act of 1999. **Private, for-profit entities are not eligible for discounted loans.**

4. The CAR shall not loan or subgrant funds that will be used to pay for cleanup activities at a site for which a loan or grant recipient is potentially liable under CERCLA § 107. The CAR may rely on its own investigation which can include an opinion from the subgrant recipient's or borrower's counsel. However, the CAR must advise the borrower or subgrant recipient that the investigation and/or opinion of the subgrant recipient's or borrower's counsel is not binding on the Federal Government.
5. For approved eligible petroleum-contaminated brownfields sites, the person cleaning up the site must be a person who is not potentially liable for cleaning up the site. For brownfields grant purposes, an entity generally will not be considered potentially liable for petroleum contamination if it has not dispensed or disposed of petroleum or petroleum-product at the site, has not exacerbated the contamination at the site, and taken reasonable steps with regard to the contamination at the site.
6. The CAR shall maintain sufficient documentation supporting and demonstrating the eligibility of the sites, borrowers, and subgrant recipients.
7. A borrower or subgrant recipient must submit information regarding its overall environmental compliance history including any penalties resulting from environmental non-compliance at the site subject to the loan or subgrant. The CAR, in consultation with the EPA, must consider this history in its analysis of the borrower or subgrant recipient as a cleanup and business risk.
8. An entity that is currently suspended, debarred, or otherwise declared ineligible cannot be a borrower or subgrant recipient.

C. Obligations for Grant Recipients, Borrowers, or Subgrantees Asserting a Limitation on Liability from CERCLA § 107

1. Grant recipients, borrowers, or subgrantees who are eligible, or seek to become eligible, to receive a grant, loan, or subgrant based on a liability protection from CERCLA as a: (1) bona fide prospective purchaser (BFPP), (2) contiguous property owner (CPO), or (3) innocent landowner (ILO) (known as the "landowner liability protections"), must meet certain threshold criteria and satisfy certain continuing obligations to maintain their status as an eligible grant recipient, borrower, or subgrantee. These include, but are not limited to the following:
 - a. All grant recipients, borrowers, or subgrantees asserting a BFPP, CPO or ILO limitation on liability must perform (or have already performed) "all appropriate inquiry," as found in section 101(35)(B) of CERCLA, on or before the date of acquisition of the property.
 - b. Grant recipients, borrowers, or subgrantees seeking to qualify as bona fide prospective purchasers or contiguous property owners must not be potentially liable, or affiliated with any other person that is potentially liable

for response costs at the facility through;

- (a) any direct or indirect familial relationship; or
- (b) any contractual, corporate, or financial relationships; or
- (c) a reorganized business entity that was potentially liable or otherwise liable under CERCLA § 107(a) as a prior owner or operator, or generator or transporter of hazardous substances to the facility.

c. Landowners must meet certain continuing obligations in order to achieve and maintain status as a landowner protected from CERCLA liability. These continuing obligations include:

- i. complying with any land use restrictions established or relied on in connection with the response action at the vessel or facility and not impeding the effectiveness or integrity of institutional controls;
- ii. taking reasonable steps to stop any continuing hazardous substance releases, prevent any threatened future release, and prevent or limit human, environmental, or natural resource exposure to any previously released hazardous substance;
- iii. providing full cooperation, assistance, and access to persons that are authorized to conduct response actions or natural resource restoration;
- iv. complying with information requests and administrative subpoenas (applies to bona fide prospective purchasers and contiguous property owners); and
- v. complying with legally required notices (again, applies to bona fide prospective purchasers and contiguous property owners) [see CERCLA § § 101(40)(B)-(H), 107(q)(1)(A), 101(35)(A)-(B).].

d. CERCLA requires additional obligations to maintain liability protection. These obligations are found at §§ 101(35), 101(40), 107(b), 107(q) and 107(r).

III. GENERAL COOPERATIVE AGREEMENT ADMINISTRATIVE REQUIREMENTS

A. Term of the Agreement

1. The term of an RLF agreement is five years from the start date of the project period, unless otherwise extended by EPA at the CAR's request.
2. If after 2 years from the date of award, EPA determines that the recipient has not made sufficient progress in implementing its cooperative agreement the recipient must implement a corrective action plan approved by the EPA Project Officer or EPA may terminate this agreement for material non-compliance with its terms. Sufficient progress is indicated by the grantee having made loan(s) and/or subgrant(s), but may also be demonstrated by a combination of all the following:

hiring of all key personnel, the establishment and advertisement of the RLF, and the development of one or more potential loans/subgrants.

B. Substantial Involvement

1. The U.S. EPA may be substantially involved in overseeing and monitoring this cooperative agreement.
 - a. Substantial involvement by the U.S. EPA generally includes administrative activities such as: monitoring; reviewing and approving of procedures for loan and subgrant recipient selection; review of project phases; and approving substantive terms included in professional services contracts.
 - b. Substantial EPA involvement also includes brownfields property-specific funding determinations described in I. B.1. above. The CAR may also request technical assistance from EPA to determine if sites qualify as brownfields sites and to determine whether the statutory prohibition found in section 104(k)(4)(B)(i)(IV) of CERCLA applies. This prohibition prohibits a grant or loan recipient from using grant funds to clean up a site if the recipient is potentially liable under §107 of CERCLA for that site.
 - c. Substantial EPA involvement may include reviewing financial and environmental status reports; and monitoring all reporting, record-keeping, and other program requirements.
 - d. Substantial EPA involvement may include the review of the substantive terms of RLF loans and cleanup subgrants.
 - e. EPA may waive any of the provisions in term and condition II. B.1, with the exception of property-specific funding determinations. EPA will provide waivers in writing.
2. Effect of EPA's substantial involvement includes:
 - a. EPA's review of any project phase, document, or cost incurred under this cooperative agreement will not have any effect upon CERCLA § 128 *Eligible Response Site* determinations or for rights, authorities, and actions under CERCLA or any Federal statute.
 - b. The CAR remains responsible for ensuring that all cleanups are protective of human health and the environment and comply with all applicable Federal and State laws. If changes to the expected cleanup become necessary based on public comment or other reasons, the CAR must consult with EPA.
 - c. The CAR remains responsible for ensuring costs are allowable under applicable OMB Circulars.

C. Cooperative Agreement Recipient Roles and Responsibilities

1. The CAR is responsible for establishing an RLF team that will implement the Program and for coordinating the team's activities as outlined below.

2. The CAR must acquire the services of a qualified environmental professional(s) to coordinate, direct, and oversee the brownfields cleanup activities at a particular site, if they do not have such a professional on staff.
3. The CAR shall act as or appoint a qualified “fund manager” to carry out responsibilities that relate to financial management of the loan and/or subgrant program. However, the CAR remains accountable to EPA for the proper expenditure of cooperative agreement funds. Any funding arrangements between the CAR and the fund manager for services performed must be consistent with 40 CFR Part 31.
4. The CAR shall appoint appropriate legal counsel if counsel is not already available. Counsel should review all loan/subgrant agreements prior to execution.
5. The CAR is responsible for ensuring that borrowers and subgrant recipients comply with the terms of their agreements with the CAR, and that agreements between the CAR and borrowers and subgrant recipients are consistent with the terms and conditions of this agreement.

D. Quarterly Progress Reports

1. The CAR must submit progress report on a quarterly basis to the EPA Project Officer. (Due each January 31, April 30, July 31, and October 31 for the duration of the agreement). Quarterly progress report must include:
 - a. Summary of approved activities performed during the reporting quarter; a summary of the performance outputs/outcomes achieved during the reporting quarter; and a description of problems encountered during the reporting quarter that may affect the project schedule.
 - b. An update on project schedules and milestones.
 - c. A list of the loans and/or sub-grants awarded during the reporting quarter.
 - d. A budget recap summary table with the following information: current approved project budget; costs incurred during the reporting quarter; costs incurred to date (cumulative expenditures); cost share updates; and total remaining funds.
2. The CAR must maintain records that will enable it to report to EPA on the amount of funds expended on specific properties under this cooperative agreement.
3. In accordance with 40 CFR 31.40(d), the CAR agrees to inform EPA as soon as problems, delays, or adverse conditions become known which will materially impair the ability to meet the outputs/outcomes specified in the approved work plan.

E. Property Profile Submission

1. The CAR must report on interim progress (i.e., loan signed, cleanup started) and any final accomplishments (i.e., cleanup completed, contaminants removed, Institution Controls, Engineering Controls) by completing and submitting relevant portions of the Property Profile Form using the Brownfields Program on-line reporting system, known as Assessment, Cleanup and Redevelopment Exchange System (ACRES). The CAR must enter the data in ACRES as soon as the interim action or final accomplishment has occurred, or within 30 days after the end of

each reporting quarter. EPA will provide the CAR with training prior to obtaining access to ACRES. The training is required to obtain access to ACRES. The CAR must utilize the ACRES system unless approval is obtained from the regional Project Officer to utilize the Property Profile Form.

F. Final Report

1. The CAR must submit a final report at the end of the period of performance in order to finalize the closeout of the grant. This final report must capture the site names, what work was done at each site and how much funding was spent at each site. It should also provide information that documents the outreach efforts done by the CAR and other activities that help explain where the funding was utilized. See Section VII for more details on final report and closeout.

IV. FINANCIAL ADMINISTRATION REQUIREMENTS

A. Cost Share Requirement

1. CERCLA § 104(k)(9)(B)(iii) requires the recipient of this cooperative agreement to pay a cost share (which may be in the form of a contribution of money, labor, material, or services from a non-federal source) of at least 20 percent (i.e., 20 percent of the total federal funds awarded). The cost share contribution must be for costs that are eligible and allowable under the cooperative agreement and must be supported by adequate documentation.

B. Eligible Uses of the Funds for the Cooperative Agreement Recipient, Borrower, and/or Subgrant Recipients

1. To the extent allowable under the EPA approved workplan, cooperative agreement funds may be used for eligible programmatic expenses to capitalize the RLF and conduct cleanups.
 - a. The CAR must maintain records that will enable it to report to EPA on the amount of costs incurred by the CAR, borrowers or subgrant recipients at brownfields sites.
 - b. At least 50% of the funds must be used by the CAR to provide loans for the cleanup of eligible brownfields sites and for eligible programmatic costs for managing the RLF. Up to 50% can be used for subgrants to clean up eligible brownfield sites under the RLF and for eligible programmatic costs for managing subgrant(s). (Note: cleanup subgrants are limited to \$200,000 per site). (Note: when implemented as a policy change, the CAR may request a waiver to the 50% cap on subgrant funds. Please consult with your Regional Project Officer.)
 - c. To determine whether a cleanup subgrant is appropriate, the CAR must consider the following as required by CERCLA § 104(k)(3)(B)(c):
 - i. The extent the subgrant will facilitate the creation of, preservation of, or addition to a park, greenway, undeveloped property, recreational property, or other property used for

nonprofit purposes;

- ii. The extent the subgrant will meet the needs of a community that has the inability to draw on other sources of funding for environmental remediation and subsequent redevelopment of the area in which a brownfield site is located because of the small population or low income of the community;
- iii. The extent the subgrant will facilitate the use or reuse of existing infrastructure; and
- iv. The benefit of promoting the long-term availability of funds from a revolving loan fund for brownfield remediation.

The CAR must maintain sufficient records to support and document these determinations.

2. The CAR may use cooperative agreement funds to capitalize a revolving loan fund to be used for loans or subgrants for cleanup and for eligible programmatic expenses. Eligible programmatic expenses may include direct costs for:
 - a. Determining whether RLF cleanup activities at a particular site are authorized by CERCLA § 104(k);
 - b. Ensuring that a RLF cleanup complies with applicable requirements under Federal and State laws, as required by CERCLA § 104(k);
 - c. Limited site characterization including confirming the effectiveness of the proposed cleanup design or the effectiveness of a cleanup once an action has been completed;
 - d. Preparing an analysis of brownfields cleanup alternatives which will include information about the site and contamination issues (i.e., exposure pathways, identification of contaminant sources, etc.); cleanup standards; applicable laws; alternatives considered; and the proposed cleanup. The evaluation of alternatives must include effectiveness, implementability, and the cost of the response proposed. The evaluation will include an analysis of reasonable alternatives including no action;
 - e. Ensuring that public participation requirements are met. This includes preparing a community relations plan which will include reasonable notice, opportunity for public involvement and comment on the proposed cleanup, and response to comments;
 - f. Establishing an administrative record for each site;
 - g. Developing a Quality Assurance Project Plan (QAPP) as required by Part 31 and Part 30 regulations. The specific requirement for a QAPP is outlined in U.S. EPA Order 53601.1, April 1984, as amended on May 5, 2000;
 - h. Ensuring the adequacy of each RLF cleanup as it is implemented, including overseeing the borrowers and/or subgrantees activities to ensure compliance

- with applicable Federal and State environmental requirements;
- i. Ensuring that the site is secure if a borrower or subgrant recipient is unable or unwilling to complete a brownfields cleanup;
 - j. Using a portion of a loan or subgrant to purchase environmental insurance for the site. The loan or subgrant may not be used to purchase insurance intended to provide coverage for any of the Ineligible Uses under Section C.
 - k. Any other eligible programmatic costs including costs incurred by the recipient in making and managing a loan; obtaining financial management services; quarterly reporting to EPA; awarding and managing subgrants to the extent allowable in III. D. 2.; and carrying out outreach pertaining to the loan and subgrant program to potential borrowers and subgrant recipients; and
 - l. Subgrantee progress reporting to the CAR is an eligible programmatic cost.
3. If the CAR makes a subgrant to a local government that includes an amount (not to exceed 10% of the subgrant) for brownfields program development and implementation, the terms and conditions of that agreement must include a provision that ensures that the local government subgrantee maintains records adequate to ensure compliance with the limits on the amount of subgrant funds that may be expended for this purpose.

C. Ineligible Uses of the Funds for the Cooperative Agreement Recipient, Borrower, and/or Subgrant Recipients

1. Cooperative agreement funds shall not be used by the CAR, borrower and/or subgrant recipient for any of the following activities:
 - a. Environmental assessment activities, including Phase I and Phase II Environmental Site Assessments.
 - b. Monitoring and data collection necessary to apply for, or comply with, environmental permits under other federal and state laws, unless such a permit is required as a component of the cleanup action.
 - c. Construction, demolition, and development activities that are not integral to the cleanup actions, and addressing public or private drinking water supplies that have deteriorated through ordinary use.
 - d. Job training unrelated to performing a specific cleanup at a site covered by a loan or subgrant.
 - e. To pay for a penalty or fine.
 - f. To pay a federal cost share requirement (for example, a cost-share required by another Federal grant) unless there is specific statutory authority.
 - g. To pay for a response cost at a brownfields site for which the recipient of the grant or loan is potentially liable under CERCLA § 107.

- h. To pay a cost of compliance with any federal law, excluding the cost of compliance with laws applicable to the cleanup.
 - i. Unallowable costs (e.g., lobbying and fund raising) under applicable OMB Circulars.
2. Under CERCLA § 104(k)(4)(B), administrative costs are prohibited costs under this agreement. Prohibited administrative costs include all indirect costs under applicable OMB Circulars incurred by the CAR and subgrantees.
- a. Ineligible administrative costs include costs incurred in the form of salaries, benefits, contractual costs, supplies, and data processing charges, incurred to comply with most provisions of the *Uniform Administrative Requirements for Grants* contained in 40 CFR Part 30 or 40 CFR part 31. Direct costs for grant and subgrant administration, with the exception of costs specifically identified as eligible programmatic costs, are ineligible even if the grantee or subgrant recipient is required to carry out the activity under the grant agreement. Costs incurred to report quarterly performance to EPA under the grant are eligible.
 - b. Ineligible grant or subgrant administration costs include direct costs for:
 - i. Preparation of applications for Brownfields grants and subgrants;
 - ii. Record retention required under 40 CFR 30.53 and 40 CFR 31.42;
 - iii. Record-keeping associated with supplies and equipment purchases required under 40 CFR 30.33, 30.34, and 30.35 and 40 CFR 31.32 and 31.33;
 - iv. Preparing revisions and changes in the budgets, scopes of work, program plans and other activities required under 40 CFR 30.25 and 40 CFR 31.30;
 - v. Maintaining and operating financial management systems required under 40 CFR 30 and 40 CFR 31;
 - vi. Preparing payment requests and handling payments under 40 CFR 30.22 and 40 CFR 31.21;
 - vii. Non-federal audits required under 40 CFR 30.26, 40 CFR 31.26, and OMB Circular A-133; and
 - viii. Close out under 40 CFR 30.71 and 40 CFR 31.50.
 - ix. Borrowers are subject to the CERCLA § 104(k)(4)(B) administrative cost prohibition requirements. The CAR must ensure that loan agreements prohibit borrowers and subgrantees from using loans financed with cooperative agreement funds for administrative costs.
 - c. Prohibited administrative costs for the borrower (including those in the form of salaries, benefits, contractual costs, supplies, and data processing charges)

are those incurred for loan administration and overhead costs.

- d. Direct costs for loan administration are ineligible even if the borrower is required to carry out the activity under the loan agreement. Ineligible loan administration costs include expenses for:
 - i. Preparation of applications for loans and loan agreements;
 - ii. Preparing revisions and changes in the budget, workplans, and other documents required under the loan agreement;
 - iii. Maintaining and operating financial management and personnel systems;
 - iv. Preparing payment requests and handling payments; and
 - v. Audits.
- e. Overhead costs by the borrower that do not directly clean up brownfields site contamination or comply with laws applicable to the cleanup are ineligible administrative costs. Examples of overhead costs that would be ineligible in loans include expenses for:
 - i. Salaries, benefits and other compensation for persons who are not directly engaged in the cleanup of the site (e.g., marketing and human resource personnel);
 - ii. Facility costs such as depreciation, utilities, and rent on the borrower's administrative offices; and
 - iii. Supplies and equipment not used directly for cleanup at the site.
 - iv. Costs incurred by the borrower for procurement are eligible only if the procurement contract is for services or products that are direct costs for performing the cleanup, for insurance costs, or for maintenance of institutional controls.
 - v. Direct costs by the borrower for progress reporting to the lender are eligible programmatic costs.

4. Cooperative agreement funds may not be used for any of the following properties:
 - a. Facilities listed, or proposed for listing, on the National Priorities List (NPL);
 - b. Facilities subject to unilateral administrative orders, court orders, administrative orders on consent or judicial consent decree issued to or entered by parties under CERCLA;
 - c. Facilities that are subject to the jurisdiction, custody or control of the

United States government except land held in trust by the United States government for an Indian tribe; or

- d. A site excluded from the definition of a brownfields site for which EPA has not made a property-specific funding determination.
5. The CAR must not include management fees or similar charges in excess of the direct costs or at the rate provided for by the terms of the agreement negotiated with EPA. The term “management fees or similar charges” refers to expenses added to the direct costs in order to accumulate and reserve funds for ongoing business expenses, unforeseen liabilities, or for other similar costs that are not allowable under EPA assistance agreements. Management fees or similar charges may not be used to improve or expand the project funded under this agreement, except to the extent authorized as a direct cost of carrying out the scope of work.

D. Use of Program Income

1. In accordance with 40 CFR 31.25(g)(2), the CAR is authorized to add program income to the funds awarded by the EPA and use the program income under the same terms and conditions of this agreement. Program income for the RLF shall be defined as the gross income received by the recipient, directly generated by the cooperative agreement award or earned during the period of the award. Program income shall include principal repayments, interest earned on outstanding loan principal, interest earned on accounts holding RLF program income not needed for immediate lending, all loan fees and loan-related charges received from borrowers and other income generated from RLF operations including proceeds from the sale, collection, or liquidations of assets acquired through defaults of loans.
2. The CAR may use program income from fees, interest payments from loans, and other forms of eligible program income to meet its cost-share. The CAR shall not use repayments of principal of loans to meet the CAR’s cost-share requirement. Repayments of principal must be returned to the CAR’s Brownfields cleanup revolving fund.
3. The CAR that elects to use program income to cover all or part of an RLF's programmatic costs shall maintain adequate accounting records and source documentation to substantiate the amount and percent of program income expended for eligible RLF programmatic costs, and comply with applicable OMB cost principles when charging costs against program income. For any cost determined by the EPA to have been an ineligible use of program income, the recipient shall reimburse the RLF or the EPA. EPA will notify the recipient of the time period allowed for reimbursement.
4. Loans or subgrants made with a combination of program income and direct funding from EPA are subject to the same terms and conditions as those applicable to this agreement. Loans and subgrants made with direct funding from EPA in combination with non Federal sources of funds are also subject to the same terms and conditions of this agreement.
5. The CAR must obtain EPA approval of the substantive terms of loans and subgrants made entirely with program income.

E. Post Cooperative Agreement Program Income

1. After the end of the award period, the CAR shall use program income in a manner consistent with the terms and conditions of a “close out” agreement negotiated with EPA. In accordance with 40 CFR 31.42(c)(3), the CAR shall maintain appropriate records to document compliance with the requirements of the close out agreement (i.e., records relating to the use of post-award program income). EPA may request access to these records or may negotiate post-close-out reporting requirements to verify that post-award program income has been used in accordance with the terms and conditions of the close out agreement.

F. Interest-Bearing Accounts

1. The CAR must deposit advances of grant funds and program income (e.g., fees, interest payments, repayment of principal) in an interest bearing account.
2. Interest earned on advances, CARs and subgrant recipients are subject to the provisions of 40 CFR §31.21(i) and §30.22(l) relating to remitting interest on advances to EPA on a quarterly basis.
3. Interest earned on program income is considered additional program income.

V. RLF ENVIRONMENTAL REQUIREMENTS

A. Authorized RLF Cleanup Activities

1. The CAR shall prepare an analysis of brownfields cleanup alternatives which will include information about the site and contamination issues (i.e., exposure pathways, identification of contaminant sources, etc.); cleanup standards; applicable laws; alternatives considered; and the proposed cleanup. The evaluation of alternatives must include effectiveness, implementability, and the cost of the response proposed. The alternatives may – as national or regional policies direct - additionally consider the degree to which they reduce greenhouse gas discharges, reduce energy use or employ alternative energy sources, reduce volume of wastewater generated/disposed, reduce volume of materials taken to landfills, and recycle and re-use materials generated during the cleanup process to the maximum extent practicable. The evaluation will include an analysis of reasonable alternatives including no action. The clean up method chosen must be based on this analysis.
2. Prior to conducting or engaging in any on-site activity with the potential to impact historic properties (such as invasive sampling or cleanup), the grantee shall consult with EPA regarding potential applicability of the National Historic Preservation Act and, if applicable, shall assist EPA in complying with any requirements of the Act and implementing regulations.

B. Quality Assurance (QA) Requirements

1. If environmental samples are to be collected as part of the brownfields cleanup (e.g., cleanup verification sampling, post-cleanup confirmation sampling), the CAR shall comply with 40 CFR Part 31.45 (or 40 CFR Part 30.54 requirements for

nonprofit organizations) requirements to develop and implement quality assurance practices sufficient to produce data adequate to meet project objectives and to minimize data loss. State law may impose additional QA requirements.

2. The CAR shall prepare a QA plan and submit such plan to the EPA Project Officer for approval. The PO will review the QA plan to insure that it meets programmatic needs and to insure that all of the required elements of the QA plan are included. Once approved by the PO, the QA plan is forwarded to the EPA QA staff for their review and approval. The CAR may not perform work at any site under this cooperative agreement until EPA has approved the QA plan in writing.

C. Community Relations and Public Involvement in RLF Cleanup Activities

1. All RLF loan and subgrant cleanup activities require a site-specific community relations plan that includes providing reasonable notice, and the opportunity for public involvement and comment on the proposed cleanup options under consideration for the site.

D. Administrative Record

1. The CAR shall establish an administrative record that contains the documents that form the basis for the selection of a cleanup plan. Documents in the administrative record shall include the analysis of brownfield cleanup alternatives; site investigation reports; the cleanup plan; cleanup standards used; responses to public comments; and verification that shows that cleanups are complete. The CAR shall keep the administrative record available at a location convenient to the public and make it available for inspection.

E. Implementation of RLF Cleanup Activities

1. The CAR shall ensure the adequacy of each RLF cleanup in protecting human health and the environment as it is implemented. Each loan and subgrant agreement shall contain terms and conditions, subject to any required approvals by the regulatory oversight authority, that allow the CAR to change cleanup activities as necessary based on comments from the public or any new information acquired.
2. If the borrower or subgrant recipient is unable or unwilling to complete the RLF cleanup, the CAR shall ensure that the site is secure. The CAR shall notify the appropriate state agency and the U.S. EPA to ensure an orderly transition should additional activities become necessary.

F. Completion of RLF Cleanup Activities

1. The CAR shall ensure that the successful completion of an RLF cleanup is properly documented. This must be done through a final report or letter from a qualified environmental professional, or other documentation provided by a State or Tribe that shows cleanups are complete. This documentation needs to be included as part of the administrative record.

VI. REVOLVING LOAN FUND REQUIREMENTS

A. Prudent Lending and Subgranting Practices

1. The CAR is expected to establish economically sound structures and day-to-day management and processing procedures to maintain the RLF and meet long-term brownfield cleanup lending/subgranting objectives. These include establishing: underwriting principles that can include the establishment of interest rates, repayment terms, fee structure, and collateral requirements; and, lending/subgranting practices that can include loan/subgrant processing, documentation, approval, servicing, administrative procedures, collection, and recovery actions.
2. The CAR shall not incur costs under this cooperative agreement for loans, subgrants or other eligible costs until an RLF grant workplan has been submitted to and approved by U.S. EPA. The CAR shall ensure that the objectives of the workplan are met through its or the fund manager's selection and structuring of individual loans/subgrants and lending/subgranting practices. These activities shall include, but not be limited to the following:
 - a. Considering awarding subgrants on a competitive basis. If the CAR decides not to award any subgrants competitively, it must document the basis for that decision and inform EPA.
 - b. Establishing appropriate project selection criteria consistent with Federal and state requirements, the intent of the RLF program, and the cooperative agreement entered into with EPA.
 - c. Establishing threshold eligibility requirements whereby only eligible borrowers or subgrant recipients receive RLF financing.
 - d. Developing a formal protocol for potential borrowers or subgrant recipients to demonstrate eligibility, based on the procedures described in the initial RLF application proposal and cooperative agreement application. Such a protocol shall include descriptions of projects that will be funded, how loan monies will be used, and qualifications of the borrower or subgrant recipient to make legitimate use of the funds. Additionally, CARs shall ask borrowers or subgrant recipients for an explanation of how a project, if selected, would be consistent with RLF program objectives, statutory requirements and limitations, and protect human health and the environment.
 - e. Requiring that borrowers or subgrant recipients submit information describing the borrower's or subgrant recipient's environmental compliance history. The CAR shall consider this history in an analysis of the borrower or subgrant recipient as a cleanup and business risk.
 - f. Establishing procedures for handling the day-to-day management and processing of loans and repayments.
 - g. Establishing standardized procedures for the disbursement of funds to the borrower or subgrant recipient.

B. Inclusion of Special Terms and Conditions in RLF Loan and Subgrant

Documents

1. The CAR shall ensure that the borrower or subgrant recipient meets the cleanup and other program requirements of the RLF grants by including the following special terms and conditions in RLF loan agreements and subgrant awards:
 - a. Borrowers or subgrant recipients shall use funds only for eligible activities and in compliance with the requirements of CERCLA § 104(k) and applicable Federal and State laws and regulations. See Section I.A.2.
 - b. Borrowers or subgrant recipients shall ensure that the cleanup protects human health and the environment.
 - c. Borrowers or subgrant recipients shall document how funds are used. If a loan or subgrant includes cleanup of a petroleum-contaminated brownfields site(s), the CAR shall include a term and condition requiring that the borrower or subgrant recipient maintain separate records for costs incurred at that site(s).
 - d. Borrowers or subgrant recipients shall maintain records for a minimum of three years following completion of the cleanup financed all or in part with RLF funds. Borrowers or subgrant recipients shall obtain written approval from the CAR prior to disposing of records. Cooperative agreement recipients shall also require that the borrower or subgrant recipient provide access to records relating to loans and subgrants supported with RLF funds to authorized representatives of the Federal government.
 - e. Borrowers or subgrant recipients shall certify that they are not currently, nor have they been, subject to any penalties resulting from environmental non-compliance at the site subject to the loan.
 - f. Borrowers or subgrant recipients shall certify that they are not potentially liable under § 107 of CERCLA for the site or that, if they are, they qualify for a limitation or defense to liability under CERCLA. If asserting a limitation or defense to liability, the borrower or subgrant recipient must state the basis for that assertion. When using grant funds for petroleum-contaminated brownfields sites, borrowers or subgrant recipients shall certify that they are not a viable responsible party or potentially liable for the petroleum contamination at the site. Refer to the most recent issue of EPA's *Proposal Guidelines for Brownfields Assessment, Revolving Loan Fund and Cleanup Grants* for a discussion of these terms. The CAR may consult with EPA for assistance with this matter.
 - g. Borrowers or subgrant recipients shall conduct cleanup activities as required by the CAR.
 - h. Subgrant recipients shall comply with applicable EPA assistance regulations (40 CFR Part 31 for governmental entities or 40 CFR Part 30 for nonprofit organizations). All procurements conducted with subgrant funds must comply with 40 CFR Part 31.36 or 40 CFR Part 30.40-30.48, as applicable.

- i. A term and condition or other legally binding provision shall be included in all loans and subgrants entered into with the funds under this agreement, or when funds awarded under this agreement are used in combination with non-Federal sources of funds, to ensure that borrowers and subgrant recipients comply with all applicable Federal and State laws and requirements. In addition to CERCLA § 104(k), Federal applicable laws and requirements include: 40 CFR 31 and OMB Circular A-87 for governmental recipients of subgrants or 40 CFR 30 and OMB Circular A-122 for non-profit recipients of subgrants and 40 CFR 30 and OMB Circular A-21 for educational institutions that are recipients of subgrants.
- j. The CAR must comply with Davis-Bacon Act prevailing wages for all construction, alteration and repair contracts and subcontracts awarded with EPA grant funds. For more detailed information on complying with Davis-Bacon, please see the Davis- Bacon Addendum to these terms and conditions.
- k. Federal cross-cutting requirements include, but are not limited to, MBE/WBE requirements found at 40 CFR 33; OSHA Worker Health & Safety Standard 29 CFR 1910.120; the Uniform Relocation Act; National Historic Preservation Act; Endangered Species Act; and Permits required by Section 404 of the Clean Water Act; Executive Order 11246, Equal Employment Opportunity, and implementing regulations at 41 CFR 60-4; Contract Work Hours and Safety Standards Act, as amended (40 USC 327-333) the Anti Kickback Act (40 USC 276c) and Section 504 of the Rehabilitation Act of 1973 as implemented by Executive Orders 11914 and 11250.

C. Default

1. In the event of a loan default, the CAR shall make reasonable efforts to enforce the terms of the loan agreement including proceeding against the assets pledged as collateral to cover losses to the loan. If the cleanup is not complete at the time of default, the CAR is responsible for: (1) documenting the nexus between the amount paid to the borrower (bank or other financial institution) and the cleanup that took place prior to the default; and (2) securing the site (e.g., ensuring public safety) and informing the EPA Project Officer and the State.

D. Conflict of Interest

1. The CAR shall establish and enforce conflict of interest provisions that prevent the award of subgrants that create real or apparent personal conflicts of interest, or the CAR's appearance of lack of impartiality. Such situations include, but are not limited to, situations in which an employee, official, consultant, contractor, or other individual associated with the CAR (affected party) approves or administers a grant or subgrant to a subgrant recipient in which the affected party has a financial or other interest. Such a conflict of interest or appearance of lack of impartiality may arise when:
 - a. The affected party,
 - b. Any member of his immediate family,

- c. His or her partner, or
- d. An organization which employs, or is about to employ, any of the above, has a financial or other interest in the subgrant recipient.

Affected employees will neither solicit nor accept gratuities, favors, or anything of monetary value from subgrant recipients. Recipients may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. To the extent permitted by State or local law or regulations, such standards of conduct will provide for penalties, sanctions, or other disciplinary actions for violations of such standards by affected parties.

VII. DISBURSEMENT, PAYMENT AND CLOSEOUT

For the purposes of these terms and conditions, the following definitions apply:

“payment” is the U.S. EPA’s transfer of funds to the CAR; the CAR incurs an “obligation” when it enters into a loan agreement with the borrower or subgrant recipient; “disbursement” is the transfer of funds from the CAR to the borrower or subgrant recipient. “Close out” refers to the process that the U.S. EPA follows to both ensure that all administrative actions and work required under the cooperative agreement have been completed, and, to establish a closeout agreement to govern the use of program income.

A. Payment Schedule

1. The CAR may request payment from EPA pursuant to 40 CFR. §31.21(c) after it incurs an obligation or has an eligible programmatic expense. EPA will make payments to the CAR on a schedule which minimizes the time elapsing between transfer of funds from EPA and disbursement by the recipient to the borrower or subgrant recipient to pay costs incurred or to meet a “progress payment” schedule. The recipient may request payments when it receives a disbursement request from a borrower or subgrant recipient based on the borrower or subgrant recipient’s incurred costs under the “actual expense” method or the schedule for disbursement under the “schedule” disbursement method. The CAR shall disburse accrued program income to meet all or part of this obligation or eligible programmatic expenses prior to requesting payment from EPA. A waiver from this requirement may be granted by EPA after a written request is submitted that adequately justifies drawing down cooperative agreement funds prior to accrued program income.

B. Methods of Disbursement

1. The CAR may choose to disburse funds to the borrower by means of ‘actual expense’ or ‘schedule.’ If the schedule method is used, the recipient must ensure that the schedule is designed to reasonably approximate the borrower’s incurred costs.
 - a. An ‘actual expense’ disbursement approach requires the borrower to submit documentation of the borrower’s expenditures (e.g., invoices) to the CAR prior to requesting payment from EPA.
 - b. A ‘schedule’ disbursement is one in which all, or an agreed upon portion, of the obligated funds are disbursed to the borrower or subgrantee on the

basis of an agreed upon schedule (e.g., progress payments) provided the schedule minimizes the time elapsing between disbursement by the CAR and the subgrant/loan recipient's payment of costs incurred in carrying out the subgrant/loan. In unusual circumstances, disbursement may occur upon execution of the loan or subgrant. The CAR shall submit documentation of disbursement schedules to EPA.

- c. If the disbursement schedule of the loan/subgrant agreement calls for disbursement of the entire amount of the loan/subgrant upon execution, the CAR shall demonstrate to the U.S. EPA Project Officer that this method of disbursement is necessary for purposes of cleaning up the site covered by the loan/subgrant. Further, the CAR shall include an appropriate provision in the loan/subgrant agreement which ensures that the borrower/recipient uses funds promptly for costs incurred in connection with the cleanup and that interest accumulated on schedule disbursements is applied to the cleanup.
- d. Subgrant funds must be disbursed to the subgrant recipient in accordance with 40 CFR 31.21 or 40 CFR 30.22, as applicable.

C. Schedule for Closeout

1. There are two fundamental criteria for closeout:
 - a. Final payment of funds from EPA to the CAR following expiration of the terms of the agreement or expenditure of the funds awarded; and
 - b. Completion of all cleanup activities funded by the amount of the award.
2. The first criterion of cooperative agreement closeout is met when the CAR receives all payments from EPA. The second closeout criterion is met when all cleanup activities funded by the initial amount of the award are complete.
3. The CAR must negotiate a closeout agreement with EPA to govern the use of program income after closeout. Eligible uses include continuing to operate an RLF for brownfields cleanup and/or other brownfields activities.
4. The closeout agreement will require that any assessments or cleanups financed with program income be consistent with the CERCLA § 107 prohibitions and site eligibility limitations for the effective period of the closeout agreement.

D. Compliance with Closeout Schedule

1. If a CAR fails to comply with the closeout schedule, any cooperative agreement funds not obligated under loan agreement to a borrower or subgrant recipient may be subject to federal recovery, and the cooperative agreement award may be amended to reflect the reduced amount of the cooperative agreement.

E. Final Requirements

1. The CAR, within 90 days after the expiration or termination of the grant, must

submit all financial, performance, and other reports required as a condition of the grant.

a. The CAR must submit the following documentation:

1. The Final Report as described in II.F.

2. A Final Federal Financial Report (FFR - SF425). Submitted to either LVFC-grants@epa.gov or the address below:

U.S. EPA Las Vegas Finance Center
4220 S. Maryland Pkwy, Bld C, Rm 503
Las Vegas, NV 89119
Fax: (702) 798-2423
<http://www.epa.gov/ocfo/finservices/payinfo.html>

3. A Final MBE/WBE Report (EPA Form 5700-52A). Submitted to the regional office.

b. The CAR must ensure that all appropriate data has been entered into ACRES or all Property Profile Forms are submitted to the Region

F. Recovery of RLF Assets

1. In case of termination for cause or convenience, the CAR shall return to EPA its fair share of the value of the RLF assets consisting of cash, receivables, personal and real property, and notes or other financial instruments developed through use of the funds. EPA's fair share is the amount computed by applying the percentage of EPA participation in the total capitalization of the RLF to the current fair market value of the assets thereof. EPA also has remedies under 40 CFR 31.43 and CERCLA § 104(k) when the Agency determines that the value of such assets has been reduced by improper/illegal use of cooperative agreement funding. In such instances, the CAR may be required to compensate EPA over and above the Agency's share of the current fair market value of the assets. Nothing in this agreement limits EPA's authorities under CERCLA to recover response costs from a potentially responsible party.

VIII. FOOD AND REFRESHMENTS

1. FOOD AND REFRESHMENTS

Unless the event(s) and all of its components (i.e., receptions, banquets and other activities that take place after normal business hours) are described in the approved workplan, the recipient agrees to obtain prior approval from EPA for the use of grant funds for light refreshments and/or meals served at meetings, conferences, training workshops, and outreach activities (events). The recipient must send requests for approval to the EPA Project Officer and include:

- (1) An estimated budget and description for the light refreshments, meals, and/or beverages to be served at the event(s);
- (2) A description of the purpose, agenda, location, length and timing for the event.

(3) An estimated number of participants in the event and a description of their roles.

Recipients may address questions about whether costs for light refreshments, and meals for events are allowable to the recipient's EPA Project Officer. However, the Agency Award Official or Grant Management Officer will make final determinations on allowability. Agency policy prohibits the use of EPA funds for receptions, banquets and similar activities that take place after normal business hours unless the recipient has provided a justification that has been expressly approved by EPA's Award Official or Grants Management Officer.

Note: U.S. General Services Administration regulations define light refreshments for morning, afternoon or evening breaks to include, but not be limited to, coffee, tea, milk, juice, soft drinks, donuts, bagels, fruit, pretzels, cookies, chips, or muffins. (41 CFR 301-74.11)

VIII. DAVIS BACON REQUIREMENTS

1. see the attached file

- Davis Bacon Brownfields RLF 2-23-10.pdf
